

ADDENDUM No. 1

Date: 12 May 2021
Pages: 02
Subject: **Addendum 1 to Expressions of Interest (EOI): Construction Services for Fiji School Recovery Program**

This addendum is openly available to all prospective Service Provider's and provides answers to specific questions raised during the EOI tender validity period.

QUESTION 1

Please confirm if one of the requirements is for a party to have done \$10m worth of projects in the past?

ANSWER 1

Correct. As per Part A – EOI Process Guidelines, the Evaluation Criteria requires that the Service Provider's, submit the following:

“Minimum three (3) or more example project descriptions of similar scale and complexity and demonstrating prior relevant experience and of value greater than ten million dollars (FJD10m), including client references and contact details for each example project.”

QUESTION 2

For clarification please advise on the following:

For this EOI we only need to provide you with our detailed company profile or is there any tender link where we download a template and then upload our company profile?

ANSWER 2

Part C – Response Form is available on the link in Word format and should be used by all Service Providers when submitting an application. A link to the Word document is available on the advertisement. The Service Provider may also submit a separate standard company profile, at their discretion, in addition to the form in Part C.

QUESTION 3

Is it a preliminary stage where your team will select the contractor and then a detailed scope of works will be provided?

ANSWER 3

As per Part A – EOI Process Guidelines, the Requirements advise the following:

“This EOI process will be the first step in a Two Step tender process to seek a preferred supplier. Following evaluation on the EOI submissions, up to five suppliers will be shortlisted and invited to submit a full tender proposal. It is in the interests of all parties submitting an EOI to provide information in full wherever requested as failure to do so may mean your claims are not fully considered.”

QUESTION 4

Or is it a design and build project?

ANSWER 4

No. As per Part A – EOI Process Guidelines, the Requirements inform the following:

“The Facility is seeking interested locally registered contractors (Service Providers) to provide construction services for the Program. The services will include the construction of classrooms, dormitories, staff accommodation, libraries, kindergartens, toilets and sewerage systems, water supply and solar power systems and associated infrastructure.”
