

ADDENDA #1 - INVITATION FOR EXPRESSION OF INTEREST

Addenda number: 1

Date: 9 April 2024

To All Concerned Parties

These addenda are issued to all prospective Respondents participating in the Expression of Interest (EOI) process for the Colonial War Memorial (CWM) Hospital master planning services (the Project) as per the original EOI document dated 2 April 2024.

The purpose of these addenda is to modify and clarify the original EOI document.

Clarification:

- 1.1 RPS notes that Part A section 5.4.2 'Submission details' states that '*EOI Responses MUST be lodged electronically through the AusConnect website by the closing date and time.*'

It has come to our attention the AusConnect website and the provider website do not enable Respondents to submit their EOI's electronically through these websites. Therefore, all prospective Respondents are to note the revised method of submission - please email your EOI responses to the Project email address at CWMH@rpsgroup.com.au by the Closing Date and Time (Part A section 5.5).

- 1.2 Future Addendums will be uploaded onto the Tetra Tech tender opportunities webpage with referring messaging on the AusConnect webpage. Notifications are unable to be set up for these sites so we recommend Prospective Respondents to regularly check the AusConnect and Tetra Tech tender opportunities project webpages.

- 1.3 With regards to engineering services for the CWM Hospital project, further details regarding the scope and type of technical advice/analysis required will be provided to shortlisted proponents in the Request for Proposal documents (RFP). While the contract structure has not yet been decided for subsequent design-heavy phases of work, which are expected to happen after the current engagement, we anticipate the contract structures will reflect standard market practices with regards to grouping of services for large hospital projects during the design development phase.

If you have any further enquiries regarding these addenda or any other matters related to the Project, please email CWMH@rpsgroup.com.au.

Kind regards,

CWM Hospital Transaction Team
